

Equal Business Park among TOP 5 buildings in Poland!

We have been awarded!

Our Equal Business Park complex has been chosen as one of the best complex in Kraków by the portal containing a database of commercial space, finne and the most urban podcast in Poland – „Cosmopolitans”. For us, it is a great honour! We are very glad and thank you!

What are we planning for the coming months?

30 June

Opening of the summer season and tasting of molecular ice cream

As early as 30 June, we invite you to taste a spectacularly prepared dessert – nitro-ice cream, frozen using liquid nitrogen. The process of freezing takes place live, so you can see how this unique delicacy is made. You will be able to taste ice cream of the following flavours: **mango and mint, raspberry and dark chocolate, banana and coconut**

We invite you to a spectacular show combined with an exceptional taste – ice cream prepared in this way is more creamy and homogeneous than in the case of traditional freezing. See you soon!

July – opening of an outdoor gym with a surprise

In July, we are going to assemble and open a brand new outdoor gym. We will install several recreational devices in front of building A, next to the playground, that are used to train various parts of the body. We are preparing a surprise for the opening! We invite you to use breaks at work in an active manner, go outside and warm up your stiff muscles. More details coming soon!

Give a book a second life

Officially, we are starting the campaign of exchanging books. Certainly you have already noticed that at the reception desks of buildings B and C there are bookshelves filled with various books. All you have to do is to bring a book you have already read, which may be interesting to others and then choose one of those available on the bookshelves instead. We invite you to read the rules. The rules of exchange are very simple:

- The book exchange campaign takes place in the lobby of buildings B and C. 2.
- Every Lessee of the Equal Business Park complex may participate in the exchange.
- Choose a book of your interest from the bookshelf. You can read it on the spot and then put it back on the bookshelf.
- If you want to take the given book home, leave another one in its place, which you do not need any longer, on the bookshelf.
- The books you bring should be in good condition, clean and undamaged.
- The “book for a book” rule applies – e.g. if you take 3 books from the bookshelf, 3 new ones should be placed instead.
- Remember that a book which is read lives longer!

Dear Sir/Madam,

We are happy to present the summer vacation issue of our Newsletter. In this edition, as usually, we will boast about what we managed to organise for you in the last quarter. We will also briefly present our plans for the next three months.

Just like last year, we invite you to use our summer chillout zones. Deck-chairs are waiting for you on each patio of building C and in the food truck zone!

We wish everyone sunny weather during the well-deserved holidays!

Enjoy the reading!

Earth Day 22 April

Between the 17th and the 24th April, we gave our tenants the opportunity to use a container for electronic waste. Thanks to this, everyone had a chance to clean the offices and get rid of unnecessary electrical and electronic equipment. The campaign resulted in collecting more than 1 tonne (1,120 kg) of equipment. It is worth remembering that on a daily basis you can leave unnecessary small electronic devices in an eco-box located in front of the City Hall at ul. Wielicka 28, thanks to the #EKOrEWOLUCJA initiative. You can put there used batteries, small electronic devices (e.g. light bulbs, computer mice) or CDs.

We are keen on helping!

On the 5th of April, we have organised a spring charity fair. The volunteers from the Anna Dymna Foundation "Mimo wszystko" have visited us. As a thank you for the donation, it was possible to choose a small handmade gift prepared by the charges of the Foundation. During the event, we managed to collect about PLN 850. These funds supported the activities of the therapeutic and rehabilitation centre "Dolina Słońca" in Radwanowice and the respite care centre in Lubiatowo. We would like to thank you warmly for all your support!

Everyone can become a hero!

On May 23, in the area of the EBP there was an honorary blood drive organised by one of our Lessees – Qurate Global Business Services – and the Regional Blood Donation and Blood Treatment Centre in Kraków. About 30 people decided to donate their blood. Remember, by donating blood, you save lives!

We are on LinkedIn!

If you want to be up to date with what is happening in our complex, we invite you to follow the Equal Business Park page on LinkedIn. We already have more than 330 followers!

Bike Days free bike service 24- 25 May

Traditionally, we have opened the beginning of the biking season with an incentive for our Lessees which encouraged them to come to work on a bike. We invited them for the bike inspection free of charge. As usually, the initiative was very successful – within two days the service checked about 100 bikes, which now serve us as if they were "brand new".

Eating Point's campaign 16 March

Eating Point mobile app

On 16 March, Eating Point Restaurant has organised a campaign entitled "Grab a lunch for FREE" to promote its mobile app.

On that day, every employee with an account on the app was able to receive a full lunch consisting of soup and a main course **completely free of charge!**

The event proved to be a success, as shown by the fact that 200 people's appetites were satisfied that day, and as we all know- a well-fed employee is a happy employee.

Success!
